The greatest strength-giver and producer of good healthy flesh is Cod Liver Oil. It's full of vitamines.
But it's nasty stuff—ill-smelling and hard to take, and usually upsets the stomach.

Thank goodness! we don't have to take it from the bottle any more, for now Hunter's Drug Stores and Enterprise Drug Store and all druggists are selling McCoy's Cod Liver Oil Tablets, sugar-coated and as easy to take as candy, so that you can get the real Cod Liver Oil in condensed form and get just the same results as with the horrible smelling liquid.

Men and women, weak, thin and nervous, are urged to put on weight and get back their health and strength with these wonderful tablets. One woman gained 15 pounds in five weeks and that's going fast

enough for anyone. '

TEPS are to be taken by the city to combat the smoke nulsance. This action is the result of agitation on the part af citizens who have become disgusted with the belching chimneys in various parts of the city which pollute the air to such an extent that getting a few breaths of pure air is next to impossible.

Elimination of this nuisance will take a long time. The sooner the city gets into action and starts a constructive campaign along this line, the sooner we will get rid of much of the annoy-

Smoke stacks and chimneys that pour rich, black smoke into the air are an economic loss. They are not carrying off refuse matter which has no value but they are pouring out valuable carbon that should be used in the heating apparatus from which it

When one sees heavy smoke coming from a chimney it is certain that one of two things is wrong. Either the fireman does not know his business or the apparatus in which coal is being used is not correctly made. If one were able to gather together all the heat producing

elements that escape into the air thruout the country in one day he would not need to worry about a coal shortage for years to

A smoke elimination campaign, handled in a sensible manner, can be of inestimable value to Lima. It can be made to ail those who are now being charged with polluting the air and it will be valuable to the people at large from a standpoint of health and happiness.

This generally follows a scare. It was done in sugar to a certain extent during the last rise in price and announcement of a serious shortage Housewives were cautioned to buy only as they needed the staple and after the campaign along this line got under way it had its effect. The same will be true of coffee. Lima housewives should guard against hoarding. By buying only as need, an abnormal shortage of coffee will not be created, which certainly would tend to merease the pince for the law of supply and demand holds. Never forget that,

That is the joyful cry of thousands

since Dr. Edwards produced Olive Tablets the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

Many Lima families do that --- it enables them to live in quarters suited to their taste and without undue net expenditure.

The rent of a desirable room will take care of a material part of the rent of a large apartment. A good room is always in demand and readily rented to the right kind of tenant---if you know how to go about it.

The very best way to do that is to advertise your room in the "Rooms for Rent" columns of The Lima News, where your advertisement will be read by the great majority of room seekers in

The Lima News is the one outstanding directory of rooms for rent in this community. You will be sure to get the tenant you want if you advertise judiciously.

If you want expert help in the composition of your advertisement a Lima News adtaker will cheerfully give it--the sort of assistance suited to your special requirements.

Mothers!

Give the Children WRIGLEY'S after every meal

The following is from a recent work on teeth and health:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth..."

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay.

You know how hard it is to get the children to clean their teeth. By giving them WRIGLEY'S you not only reward them for cleaning their teeth, but the reward is actually the means of performing this important service!

WRIGLEY'S is a benefit and a pleasure combined. It serves two purposes and its cost is very small. Aids digestion, too, and acts as an antiseptic wash for the mouth and throat.

Choice of several flavors-all of WRIGLEY quality, standard of the world.

NOW GO ON WITH THE STORY

The debonair Duke was airily sympathetic. He condoled and jested in breath, his jests being in themselves a promise that all this should now be rended. But when Holles came to the matter of the Bombay command, his gace's laughter sounded a melancholy note.

"And it was I who robbed you of this," he cried. "Why, see how mys eriously Destiny has been at work! But this multiplies my debt." The Duke produced a purse of green silk netting, thru the mashes of

"Meanwhile, my friend—as an earnest of my good intent" "Not that, your grace." For the second time that day Holles waved nack a proffered purse, his foolish pride in arms.

But His Grace of Buckingham was of a different temper from His Grace A Albemarle. He was as prodigal and lavish as the other was parsimonious, well, as would also pongee and and he was not of those who will take a refusal.

He smiled a little at the Colonel's protestations, and passed to a tactful. egratiating insistence with all the charm of which he could be master.

"I honor you for your refusal, but . . ." He continued to hold out the "See. It is not a gift I offer you, but an advance, a trifling loan, rurse. "See. "As a loan, then, since you are so graciously insistent . . ."
"Why, what else do you conceive I had in mind?" His grace dropped he heavy purse into the hand that

Thus in high good-humor he strutted into the Paul's Head, to plunge uto a deplorable scene with Mrs. Quinn.

And then the devil whispered an unfortunate thought, and so begat in her a sudden furious jealousy. Before he could answer her, before he could recover from the gaping amazement in which he stond to receive the onslaught of her wrath, she was sweeping on: I understand!" She leered an instant evilly. "It's a love-token, eh? The file of some fat Flemish burgomaster's dame, belike, whom ye no doubt a lack of rich blood-cells. S. S. "What is the total of this score of yours?" he asked contemptuously, in the remnants of his anger. "Name it, take your money, and give me peace."

But the way as a least thinking of her gave. She was stricken with But she was no lnoger thinking of her score. She was stricken with amazement at the sight of the purse he held, and the gold with which it salged. Roan leved she stared at it, and then at him. The dispicion narrowed her blue eyes; it settled into conviction, and fetched an apleasant curl to the lips of her broad mouth.

Tim departed. So did the Colonel, realizing suddenly that there would

LEWIS USES ROUGH TACTICS

CHICAGO-Ed 'Strangler" Lewis world's champion heavyweight wrestler and referee Pat McGill were escorted from the ring by policeman last night after McGill awarded the deciding fall to Lewis in a match with Stanislaus Zbyszko, 50-year old former champion, who was struck and knocked unconscious by Lewis

Admirers of Zbyszlo expressed fond disapproval and surged about the ring, after the bout Lewis and Zbyszko shook hands, but later followers of the Pole credited him with the statement that Lewi-struck him on the point of the law with his closed list. Refere McGill explained that the Pole had been heeled with Lewis' open hand and that such factics were permissible under the rules

Lewis won the first fall with a head lock. Zbyszko, employing arm locks continually, took the second with a short arm sessors. It was the sixth meeting between the pair. Lewis is credited with four

REDS WILL SUE FOR LIBEL

CINCINNATI-Attorneys for the Cincinnati National league baseball club have been instructed to press as rapidly and forcibly as possible the suit brought by the club against the proprietor of Collyer's Eye, for alleged libel of Pat Duncan and Sammy Bohne. President August Herrmann expressed himself as greatly pleased when informed that Judge Carpenter of Chicago yesterday quashed the demurrer

CRIZZLY WAITS BULL AND WOLF

NEW YORK-The legend which grew around Luis Firpo when he came out of the Argentine is already beginning to envelop Quintin Romero Rojas. Chilean heavyweight whom Tex Rickard has called from obscurity as a possible opponent for Jack Dempsey.

Firpo became the Wild Bull of the Pampas; Rolas was christened "The Wolf of the Andes" in Paris, where he did most of his battling. Rojas is as awkward as Luis; Firpo has a flail like a kick in his right hand and Quintin uses a right hand hammer driver on the Eack of his opponent's neck. The style is distinctive for its lack of form. He is said to be quite as hairy as Firpo, speaks "no englese" and maintains a brotherly affection for his manager, a life-long Chilean friend.

Altho Rojas' clumsiness failed to impress critics in France, be never lost a fight there. He is as big and courageous as Firpo and since returning to South America has become so prominent that the Buenos Aires boxing commission has threatened to vacate Firno's South American title unless the "Wild Bull" consents to meet "The Wolf."

The Tex Rickard fight pictures of the Dempsey-Firpo contest, which took place at the Polo Grounds last September, drew large crowds at the afterno n and evening performances at the Faurot Tuesday. They are well worth seeing, especially to anyone who is at all interested in that fight "for more money than ever was offered to pugilists before." It shows every blow delivered in the hardest two rounds that probably ever was fought. It shows plainly how Dempsey knocked Firpo down so many times and it does prove that Dempsey was knocked out of the ring and not pushed out, and it also shows that Dempsey was a glutton for punishment just the same as Firpo. Besides this It shows the terrific execution that the champion is capable of in short arra punches; arder than any other fighter since Fitzsimmons. It is valuable for those who will want to express their opinion regarding the winner when they meet again.

The picture is doubly interesting from the fact that it takes the spectator to the training quarters of both Dempsey and Firpo and shows them going thru their fraining stunts. It remains until Saturday night,

Islan Plays Matinee

For the meson tact all seats are gone for the night performance of Al Joison in "Rombo," Manager Clark of the Faurot, has succeeded in arranging a matinee, giving all who were so sorely disappointed because not ble to get tickets to attend this performance. Joleon, 78s reticent at first, and brought to bear the fact that he had never played a Tuesday matines, but finally consented and so all arrangements were made. Nov-er before, perhaps, in the history of the Faurot Opera house, has there been such a quick sell-out for a performance as on this occasion. There were more than sufficient mail orders to take up every scat, and it is not exaggeration to state that at loast a thousand people would have been turned away. It seems certain that even with the matines there will be many disappointed thru not being able to get seats, but it is not pos-sible for Joison and "Bombo" to play more tha a single day. So it will be matines and night Tuesday, March 4.

For the Cough That Sticks

Common Cough Syrups Won't Help-You've Got To Make Your Own

Cheap and Best

For any kind of a cough, but especially for the stutborn one that persists and keeps you awake nights this home made cough mixture will quickly loosen the phlegm, allay the inflammation and stop the cough. You can make it yourself at home in two minutes by following these

instructions: Get from any druggist one ounce of Parmint (double strength) -- to this add a little granulated sugar and enough water to make one half pint-that's all there is to it, and children like it.

Like a soothing, healing poultice one costly substance in this bome made mixture spreads itself completely over the membrane of the throat. This causes the most stubhorn hang-on cough to cease almost instantly. No ordinary slow-acting cough syrup contains this expensive ingredient,

It's a mighty fine remedy for chest colds and acute nasal cutarrh. and remember that any remedy that over-comes catarrh, partially er wholly, is bound to be of benefit to those who are troubled with head noises and catarrhal deafness. Get Parmint and get better -- Adv
